## BIO

Mark Tucker applied his education in photojournalism to the advertising industry. He has worked commercially since 1981. He began in the music and entertainment business, and later shot lifestyle and portraits for the banking, insurance, investment, publishing, and healthcare industries. His clients range from Royal Caribbean, Bank of America, General Motors, Compaq, Walt Disney Company, Pacificare, BB&T Bank, Caterpillar, Vanderbilt Medical Center, Jack Daniels Distillery, Reebok, and Kodak. Now partially retired from advertising, he's begun selling fine-art limited-edition prints.
